Art

Eric Carle Read and Draw Workshop

We will explore the world of Eric Carle in this workshop full of art and reading. Each day we will read a different Eric Carle book, and then draw a Young Rembrandts lesson which incorporates one aspect of the book we just enjoyed. We will learn how to draw a variety of creatures, including: a caterpillar, a ladybug, a crab and more. Come explore the land of Eric Carle with Young Rembrandts.

Monday-Friday 11:00am-1:00pm

21208	4-6 yr	Jul 18-Jul 22	5 classes	ACC	Rembrandts	\$157
-------	--------	---------------	-----------	-----	------------	-------

Jr. Space Workshop

We will explore a farm and all the elements that are seen on a farm, including a barn and a tractor, among others. In addition, we will learn to draw a variety of animals that live and play on our farm. On the last day we will combine all the pieces we learned previously into one large farm scene - full of fun!

Coding

CODE FOR FUN: #GameMaker: Programming with Scratch

Use your magical programming power to create games that you can share with your friends! During this camp, you will be introduced to Scratch programming and build several games: multi-player, artistic creations, multi-level games. If you have previous experience with Scratch, you will work on more challenging projects. On the last day, you will present a game you created using the Design Thinking process.

Monday-Friday 9:00am-3:00pm

20860 8-12 yr Jul 25-Jul 29 5 classes CHCC \$550

CODE FOR FUN: Coding with Robots

Learn through play! Navigate the robots through challenging maze, make them react to their environment, complete coding puzzles on the tablet, work in teams to compete with fun games. You will use a series of fun robots (Dash and Dots, Lego® WeDo and Beebots) to engage with technology and use your critical thinking skills. Combining a real robot with coding fires up the imagination, inspires dreams, and builds confidence!

Tuesday-Friday 9:00am-3:00pm

20857 7-10 yr Jun 21-Jun 24 4 classes CHCC \$440

CODE FOR FUN: Mobile App Development for Beginners

Anyone Can Build Apps that Impact the World! Create your own interactive apps and games using MIT App Inventor 2 for Android using various features of mobile devices like touch, swipe, flick and tilt. Explore interesting hands-on examples, including simple games and practical tools. Learn computational thinking and collaboration while having fun even if you do not have any prior programming experience.

Monday-Friday 9:00am-3:00pm

20858 9-13 yr Jun 27-Jul 1 5 classes CHCC \$550

CODE FOR FUN: My First Code with Python

Start coding in Python, one of the most popular, intuitive, open-source programming languages. Learn how to draw colorful spirals and shapes with Turtle graphics module, create fun interactive projects using Repl.it coding environment. Camp focuses on fundamentals of computer programming and computer science concepts.

Mobile App Development for Beginners- Virtual Camp

Want to learn how to create your own mobile apps from the comfort of your home? Learn the basics of programming through mobile app development with Code for Fun using the MIT App Inventor! Have fun creating and sharing apps with your friends. During this course you will learn how to create a user interface, develop simple games for android devices, utilize device sensors, and create your own virtual assistant like Siri or Alexa. Run the apps you create on your android device or simulator (Strongly preferred to use a physical device as many of the sensors we will be using are not present in the emulator). Requirements: Mac or PC or Chromebook, Web Cam, Stable internet connection (for video conference), Stable Wi-Fi connection or USB cord (for connecting companion app) Recommended: Android phone/tablet, or iPhone/iPad.. (Its way more fun to test this way since many of the phone sensor are not present in the emulator) Before signing up, please make sure you are able to use the companion app on your device by following the instructions at this link: <https://appinventor.mit.edu/explore/ai2/setup-device-wifi.html>
